

Statement from the President

Members of South Suburban Darts Association Inc.

I bring to your notice a breach of protocol by the President with regards to the management of Playing Rule 23 - Misconduct which links with Playing 24 - Code of Conduct relevant to point 1.

An issue arose Tuesday the 5th June near the end of a game. In an effort to expedite a swift resolution given the status of the individual concerned I have acted outside the scope of the protocol.

In doing so I have unintentionally caused distress to the family of the member concerned in the delivery of a request for response to the issue to the SSDA Protest and Disputes Committee. I have apologised without reservation for my action, which is not in keeping with the standards of the association.

That being the case I have reported myself to the Secretary and placed myself under notice of the Protest and Disputes Committee. This matter will be heard on Monday 11th June 2012 at the regular South Suburban Darts Association inc committee meeting.

I will abide with the outcome as determined by the Protest and Disputes Committee and not seek the right of appeal for my action.

Finally I wish to apologise to all members for my actions, although well intended I have brought embarrassment to the association and myself.

Mark Dorotich

President

10th June 2012
